Marian Wright Edeman is the founder of the Children's Defense Fund. She has fought for the rights of all children—listen to what she has to say:

All children are essential to America's future. We don't have a child to waste. We will not be a strong country unless we invest in every one of our children.

Understand that you are the future and we, the adults in your lives want to invest in you. Have a great day Sem Yeto.

Remember we are all capable of being successful, your effort and commitment will determine how successful.
